Dear Governor Rick Perry,

A miscarriage of justice will take place in the state of Texas. You can stop it! Derrick Frazier, a young Black man on Death Row at the Polunsky Unit in Livingston, Texas, sits on Death Row waiting to be executed. Derrick, who is also know as Hasan Shakur, did not kill anyone. No material evidence linked him to the crime for which he is sentenced to die. Denied the opportunity to confer with legal council, Derrick, who was then only 20 years old, was tricked by police into making the "confession" they wanted, believing he was making a deal to save his life. At trial he was provided with incompetent counsel, a lawyer who has since been disbarred.

New evidence of jury misconduct has surfaced. A witness has stated that Derrick was not even present at the crime, and that he was coached as to what to say. Public Defenders botched his appeals, and now only you can stop the state from murdering another innocent man. I implore you to have this case fully investigated/reviewed for there is a strong reason to believe that Derrick Frazier #999284, is totally innocent.

Sincerely,

Office of the Governor, Rick Perry, P.O. Box 12428, Austin, Texas 78711

DEDICATION

To all who have dreamed
To all who have struggled
To all that have succeeded
To all who have failed
To all who have loved and won
To all who have loved and lost
To all who have dared to be different

To those who not afraid to speak their mind
To the voiceless
To all the Kamaus, Shakas, and Rudds
To all those that believed and achieved
To all who have been forced into silence
To all who are not afraid of adversity
To all the newborns awaiting breath
THIS IS DEDICATED TO YOU!
